

Our focus is you

We tailor our service to meet the needs of each individual and support them to achieve their personal goals.

Your life

We recognise that it's about your life and the way you want to live it.

Your experience

We listen to you, learn your story and appoint you the leader of our team.

Your goals

We help you identify functional goals that capture your interests and aspirations.

Your choices

We work with you to design a therapy plan that's individual to you and your needs.

Your locations

We come to you where you need us. Whether that be in the home, at school or out in the community is up to you.

therapyfocus

growing potential

Therapy and support for people with disabilities, learning difficulties and developmental delays.

About us

Therapy Focus is one of Australia's leading providers of professional therapy services.

We deliver quality therapy and support services to more than 2,500 people with disabilities and their families throughout Western Australia each year.

Our teams consist of more than 250 qualified professionals including:

- Speech pathologists
- Physiotherapists
- Occupational therapists
- Psychologists
- Social workers
- Continence nurses
- Dieticians
- Family Connect Workers

We work with people of all ages who have a range of disabilities including autism, global developmental delay, intellectual, neurological and physical disability.

We also support children and adults who have learning difficulties and developmental delays.

How we can help

Our evidence-based therapy programs help develop skills, build on strengths and grow potential.

Individualised programs may include:

- Early childhood intervention
- Behaviour support
- Daily living skill development
- Transition planning and support
- Social skill development and support for community participation
- Prescription of Assistive Augmentative Communication (AAC)
- Mobility solutions
- Employment skill development and workplace support
- Transport training and assistance
- Feeding, dysphagia and meal time management
- Posture and positioning
- Prescription and supply of aids and equipment
- Home modification planning and support

Our PEBBLES service provides specialist support to children with disabilities who experience bladder and bowel health issues, incontinence, and those who require support with toilet training.

Accessing our service

Therapy Focus is a contracted service provider for the WA State Government's Disability Services Commission and a registered provider for the National Disability Insurance Scheme (NDIS). Therapy Focus is also a registered service provider for the Helping Children with Autism Program and the Better Start Initiative.

We can help you find out if you're eligible and provide further information about the funding options available to you. We also offer therapy and assessment services for a fee. Private health and Medicare rebates may apply.
