

NDIS Price List

For Remote and Very Remote locations

We offer the following services in remote and very remote locations across Western Australia. The prices for these services are effective for Service Agreements commencing on or after 7 September 2020.

Improved Daily Living Skills

Individual assessment, therapy and training (includes assistive technology)

Provided by an allied health professional, including physiotherapy, speech pathology, occupational therapy, dietetics and continence management. Excludes psychology.

\$250 / hour
in remote areas

\$270 / hour
in very remote areas

Therapy assistant level 2

Support for the delivery of a customer's therapy program.
Works independently under the delegation of a qualified therapist.

\$110 / hour
in remote areas

\$115 / hour
in very remote areas

Prices for travel vary. We can provide a customised quote based on the area you live in.

Remote and very remote locations are defined by the NDIS using the Modified Monash Model. To find out how the area you live in is classified, visit the Doctor Connect Website. (www.health.gov.au/resources/apps-and-tools/health-workforce-locator)

Teletherapy Services

We can provide additional services online and over the phone via teletherapy. These services are delivered by allied health professionals based in Perth. For more information please contact us or visit our website.
