

Dance Group

Let's dance!

Come along for a class of stretching, learning dance moves, socialising with others and having fun! Therapy skills will be well disguised within the class, including building on gross motor (movement, coordination) skills, social skills, language and communication skills and emotional regulation skills.

Please note: Parents/caregivers required to remain on-site for duration of group. If your child would like to attend this group, but doesn't meet age requirements, please contact us.

Who is this group for?

Children aged 5-10 years old who

- Has gross motor/social and/or communication goals
- Can follow at least one-step instructions
- Won't wander off

Why should I attend?

- Build on gross motor skills including movement and coordination
- Development of social skills and ability to work as a team.
